

GLTi Welcomed Chinese Water Delegation

5/16/2017 - Copenhagen - On behalf of Danish Water Technology Group, Mr. Martin Carlsen, Managing Director of GL-TURBO International, ApS (GLTi), welcomed the Chinese Water Delegation today. Both parties enjoyed the active discussion of subjects of mutual interest.

"I'm very glad to meet friends from China in Denmark. GL-TURBO has plants in Wuxi and presence all over the country. Apparently everyone knows GL-TURBO already. That makes my job much easier today," says Mr. Carlsen.
